What the Guides will
do for you at
GETTYSBURG

*They will show you
the field where the battle
was actually fought.*

Do not be misled by the word "FIELD."
It covers 16,000 acres, has 2,390 monu-
ments, 415 cannons and 26 miles of paved
Avenues.

You will see where all the main events
took place, where Lincoln delivered
his immortal Gettysburg Address,
where he stayed overnight and also
such well known places as THE ETER-
NAL PEACE LIGHT, SPANGLER'S SPRING,
NATIONAL CEMETERY, HIGH WATER
MARK, THE ROUND TOPS, WHEAT-
FIELD, PEACH ORCHARD, DEVIL'S DEN,
and many others.

The tour is made in your own car. You
start at your own convenience—no wait-
ing for a scheduled time. The GUIDE
will stop at places of greatest interest
and will take you to any place that may
be of special interest to you, providing
reasonable time is observed.

THE LICENSED BATTLEFIELD GUIDES

The GUIDES were organized in 1915 under the War Department. In 1933 the Park and the GUIDES were transferred to the National Park Service, United States Department of the Interior.

Every GUIDE dressed in a khaki uniform is licensed by the National Park Service and receives his license only after an extensive examination by the Superintendent of the Park. There are 55 Government Licensed Guides.
